

PRIVATE LABEL OFFER

Clips allow you to close a roasting bag or sleeve easily. Our clips can be made of **red or blue heat resistant BoPET (up to 220°C)**. The clips are **durable and very flexible** (they can be bent inside a folded cube-shaped roasting bag).

We offer clips on a roll or in convenient sets. Depending on your needs, **the roll (42 000 clips) can be divided into sets – from 4 to 15 pieces per set**. Available in **2 variants: 4-tooth clips**, so-called “Safety Clips”, as well as traditional **14-tooth clips**.

Safety clips have a **special shape** (patented by Politan) **that eliminates the need to puncture the roasting bag or sleeve**. Thanks to the safety clips, the sleeve is closed but a small air outlet remains, so hot air escapes outside through the opening. There’s a reason our safety clips have “no more pressure” in its name. **We guarantee that the bag will not burst during roasting!**

Red or blue 4-tooth safety clip

Red or blue 14-tooth clip

PARAMETERS							
Version	Length	Width	Material	Thickness	Color	Number of clips on roll	Sets of
4-tooth or 14-tooth	113 +/- 1 mm	10 mm	BoPET	150 μ	red or blue	42 000 pcs	4-15 pcs
Master box (for rolls)		Grey cardboard box, dimensions: 300 x 260 x 260 mm, 2 rolls (84 000 pcs) per box					
Master box (for sets)		Grey cardboard box, dimensions: 165 x 160 x 210 mm, 24 000 pcs per box					

● **Competitive advantages of our clips:**

Safety Clips eliminate the need to puncture the roasting bag or sleeve

available on a roll and in various sets

manufactured from selected raw materials with high temperature resistance

2 color options

Safety clips protect roasting bags and sleeves against uncontrolled explosion in the oven. They have a **special shape** (patented by Politan) that **eliminates the need to puncture the roasting bag or sleeve**. Thanks to the safety clips, the sleeve is closed but a small air outlet remains, so hot air escapes outside through the opening. **We guarantee that the bag will not burst during roasting!**

● **How do Safety Clips work?**

1. Place food in roasting sleeve (or bag) and close with the Safety Clip.

2. Thanks to the specially designed 4-tooth clip, the sleeve is closed but a small air outlet remains.

3. Hot air flows out through the small outlet during roasting.

4. **No need to puncture the sleeve or bag.** We guarantee that the bag will not burst during roasting!

**NO
PUNCTURE!**

● WHY COOPERATE WITH US?

**EUROPEAN MANUFACTURER**

we are an European manufacturer – thanks to our own unique technology and low manufacturing costs, we can offer you very competitive prices.

**HIGH, CONSISTENT QUALITY OF PRODUCTS**

we have high quality standards for our products. Our company knows how to meet the needs and expectations of consumers – that's because Politan is an owner of premium and basic brands. We are certified for compliance with the requirements of ISO 9001: 2015.
